

BONES Mobile Kitchen Concession Confirmation

Amazing Truck Logistics!

While planning for your event, please know 13 Bones Urban BBQ is unlike most food trucks. The truck is an awesome – 32 feet long by 8 feet wide – we require about 40 feet of relatively flat parking space with 15 feet of overhead clearance. It is also important that access roads to the event venue are suitable for large trucks, without major inclines.

13 Bones Urban BBQ Mobile Kitchen is a self-contained kitchen with on board power. For extended events or quieter service (without our generator) we will request shore power of 50 amps (see attached picture for plug configuration)

Department of Health requires our staff & guests have access to a restroom within 200 feet of the Truck.

The Small Print - Please review the following before signing the confirmation.

- 2) The arrival time listed on your confirmation is an arrival set up time for the 13 Bones Team. Our goal is to arrive at the time listed to begin set up and be ready for your guests before the event start time.
- 3) The Start Time indicates the time we will be ready to start serving Amazing BBQ. End Time indicates the time we will finish service and drive off into the sunset. Confirmed service time extension must be made prior to the event. Timing changes made during the event must be agreed upon by the 13 Bones Team on site.
- 4) We accept the following forms of payment during the event: American Express, VISA/MasterCard, Discover Card or Cash.
